To the Republicans of Breckenridge County.

Subject to the decision of the Republican Convention, I offer myself a candidate for the office of Representative.

Respectfully, CHAS. BLANFORD.

SIX PAGES.

ATTEND the precinct meetings next Saturday.

A POLITICIAN always hedges, a statesman never.

WHEAT harvest will be in full blast in this section next week.

THAT little old log cabin, not so much as a splinter of it, will be left in November.

A CAR load of new wheat sold in St. Louis last Saturday at 95 cents per bushel.

FATHER Neihaus is enjoying his new home at Flaherty. He has charge of a splendid church and a good people.

THERE will be lively times at Brandenburg next Monday. An old-fashioned Democratic mass convention will be held to nominate a candidate for the Legislature.

It has been reported that the Hon. Chas. Blanford is for free silver at 16 to 1. Some of Mr. Blanford's friends deny the report.

THE little town of Flaherty in Meade county is one of the liveliest towns in that county. The people have a way of their own, are full of fun and have a good time.

THE Chicago Daily Coin is a new daily paper just started at Chicago in the interest of free silver. It is edited by W. H. Harvey, author of Coin's Financial School.

THE News spent six days in Meade last week with the candidates. It was both a pleasant and profitable trip. We never treated better in our lives nor never have we met a more kind, hospitable people.

THERE is a nip and tuck race for the Legislature now on in Meade county. Hadin and Thompson are in the saddle and no man can tell which will come out winner.

THE home is the crystal of society, the nucleus of national character; and from that source, be it pure or tainted, issue the habits, principles and maxims which govern public, as well as private, life.

EVERY box of dry goods, every box of clothing, every box of groceries, every box of hardware, every box of drugs and every box of notions sent out from Louisville contains divers and sundry pamphlets, showing up the beauties of the single gold standard.

THE crops in the upper end of Meade county are in fine shape and the farmers up there will have money to throw at the birds when the time comes for marketing them.

On the Hon. Josiah Patterson will speak at Owensboro to-day, Wednesday, in the interest of the goldbugs, Joshua Powers and others.

THERE are some goldbugs, excuse us, "sound money men" in Meade. For instance, there is Jas. W. Lewis at Brandenburg, J. W. Hardin at Big Spring, Bryon Withers at Muldraugh and Sam Randall at Grahampton, all splendid fellows and good Democrats, but uncompromising in their views on the money question.

NEXT Saturday the Democrats will hold district meetings to send delegates to Hardinsburg on the 18, where delegates are to be chosen to the State Democratic convention on the 25.

Democratic State Convention.

Following is the call for the Democratic State convention: "Resolved, that on June 15 there be held at each voting precinct at the regular voting place in each county and legislative district a convention of the voters thereof at 2 o'clock p. m., to select delegates to a county or legislative district convention to be held at the county seat, except that in counties or cities composed of more than one legislative district, the delegates shall meet at some place to be designated by the respective legislative committees, on Monday, June 17, at 2 o'clock p. m., and at said county and district conventions delegates shall be chosen to represent said counties and said legislative districts in a State convention to be held on Tuesday, June 25, at 12 o'clock.

"The basis of representation on the part of each precinct to said county and legislative districts shall be one delegate for every 200 votes and each fraction over 100 votes for the Democratic electors at the Presidential election in 1892; provided, however, that such counties as cast 100 votes or less for said electors shall be entitled to one delegate."

SUPPLEMENTAL RULES ADOPTED BY THE STATE EXECUTIVE COMMITTEE.

MARCH 30, 1895. The rules heretofore adopted by the State Executive Committee in so far as they apply to holding precinct meetings on June 15, 1895, are amended as follows, viz:

The voters now residing within the boundaries of the several voting precincts as they were fixed and located at the November election held in 1892, will assemble at the places at which the election was held in said precinct in November, 1895, and select delegates as heretofore directed. Change made in precinct lines since the November election, 1892, by the creation of new precincts or the alteration of old ones, will be ignored in holding these precinct meetings.

DELEGATE VOTES OF EACH PRECINCT IN BRECKENRIDGE COUNTY.

Table with 2 columns: Precinct Name and Delegate Votes. Includes Hardinsburg Precinct No. 1-3, Cloverport, Union Star, Mooleyville, Stephensport, Webster, Bewleyville, Custer, Hudsonville, Rock Vale, McDaniels, and a Total row.

Hon. G. W. Beard talked to the Sunday school last Sunday morning on the coming County Sunday School convention which is to be held here the 25th of July.

Mr. Beard is president of the convention and he is sure that the meeting will be a success. Last year it was held at Irvington, where those in attendance spent a most delightful day. Of course, Hardinsburg will expect a large crowd and all who come may expect to be entertained. The object of the convention is to increase the interest in Sunday school work, in all churches, irrespective of denomination. An entertaining program will be arranged for the occasion.

McCracken's private car, Katie, has recently made one or two trips over the branch down to the Falls of Rough, carrying some distinguished Louisville people. The Katie generally goes as a business car, but on these two occasions she was shovied out for fun. Some of those aboard were Col. Henry Watterson, Attila Cox, Emmett Logan, Rosell Weisinger, etc. Of course, they found abundance of hospitality at the Falls on the account of Col. L. Green. Just how much fun it took to run these fellows down there with an occasional mixture of spring water, would be hard to definitely ascertain.

The Magistrates Courts in this county begin this month, but the manner in which they have been changed under the new law makes them of no consequence to speak of. Not only the time of holding, but the place in several precincts has been changed, and in such a way as to inconvenience the people a great deal. Ever since the county has been established there has been a stated time and place for holding the Magistrates Courts. So well-known were they that the people looked to them as a time when they could meet socially, and spend a few hours, as well as to attend to any little business they might have to transact. In this sense, custom, usage and the law made them important, and they should not have been changed. The people now want them as they have been held for the last forty years. The change as made at present discommodates a large number. The business for the Magistrate is practically cut off, and the people are put to such inconvenience that they will waste no time at them unless forced to do so. We think the courts should be held as they were under the old law, as the people who attend them would be much better satisfied.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.
