Obtained of His Hog Money.

Mr. Thomas Ball, who resides in the upper part of the county, purchased a drove of hogs and took them to Louisville last week. After making all the purchases required by his family, Mr. Ball had \$973 left, with which he was on his way to the Grey Eagle Saturday evening. When he retired in his stateroom that night, he hung his pants on a hook, in one pocket of which was his money. Some time during the night the hook of the door, which was fastened from the hook, and secured the money. When Mr. Ball dressed himself next morning he missed his "wealth," and immediately reported the loss at the office, but when he landed here Sunday morning no trace of the missing funds had been discovered. Court of Claims.

FIRST DAY.

This body convened at the court-house in Hardinsburg Monday last week. As we will publish the regular list of claims allowed next week, we only present a few notes scratched down by our reporter during the session.

Mr. J. P. Parsons presented a claim for guarding prisoners one day, which was rejected.

Mr. James Gregory presented himself to the court and asked to be remembered among its charities. He claimed that he had been trying for a long time to keep soul and body together, and had failed. He now appealed to this body for help. The court relieved him from paying poll-tax and gave him the privilege of the county poor-house.

The commissioners appointed at the last of term to let and build a bridge over Bull Creek, reported that the work was completed "in a good, substantial manner," and at a less price than ordered by the court. The report was received, the commissioners discharged, and Mr. G. G. Gregory allowed his claim of \$100 for doing the work.

Mr. C. L. Fisher presented a claim of \$34 for waiting on and taking care of a colored pauper, and furnishing coffin and burial clothes for same. He was allowed \$6.

The first business of the afternoon session was the election of a school commissioner, for which Messrs. Mercer, Pamphrey and Arnet were candidates. Each gentleman addressed the court at length, setting forth his peculiar and particular claims.

When the ballot was reached it resulted in the reelection of Mr. Mercer by the following vote: Mercer 11, Pamphrey 7, Arnet 1.

Mr. James G. Haswell presented the claim for charity of Mr. Martin Simmons, a blind man. As it transpired that he owned a very good farm and had a large family of children, many of whom were able to till the farm, the court rejected the appeal, and the ground that his family could very well support him off his farm.

Mr. Peter Sherwell was relieved from paying poll tax.

Commissioner T. M. Miller made a report of the financial condition of the county, from which it appears that the total amount received and disbursed during the past year was \$5,163.43. The outstanding indebtedness in notes and interest against the county, will, on the first of January, 1881, amount to \$69,539.36. Mr. Miller was allowed \$30 for his services as commissioner.

Mr. Thomas Greenwell wanted \$41.65 for keeping Nancy Ellen Williams, a pauper, from the 6th of March, 1879, to the 15th of November, 1880. The court could discover no merit in the claim and rejected it.

The court then adjourned to Tuesday morning.

Second Day.

On motion of Judge Mercer, the court decided that a bridge was necessary across Hough Creek at Saltpetre cave.

Mr. Mercer then moved that Mr. Green W. Beard be appointed the commissioner for this county, to co-operate with the Grayson county commissioner, in the construction of said bridge.

Mr. Haswell suggested that the county attorney had better read the law on the subject, so that the court might act intelligently in the matter. The attorney then read the statute referred to and appointed commissioner. Mr. Beard was then appointed commissioner, with instruction to confer with the proper authorities of Grayson county as to the prospect and propriety of constructing said bridge at said point at the joint expense of the two counties.

Col. Alfred Allen moved that commissioners be appointed to let out the contract for constructing a bridge over the Falls of Sinking Creek, which prevailed, and Messrs. G. W. Beard, E. R. Eskridge and George R. Bruner were appointed said commissioners. (On motion of the court) it was decided that it should be an iron bridge, to cost not more than \$4,940.

Mr. Commissioner Miller stated to the court the condition of the debt of the county against the sureties of McGill, ex-sheriff. He reported that they would pay \$5,000 cash on the debt, and ask the court to proceed against them for one year on the balance.

County attorney Barnes said he thought that it was a great hardship for the sureties to pay this money, and he could see no objection to granting them the time asked for.

Mr. Beard said as a consequence he secured the people from loss by the sheriff, it was hard enough for them to pay the principal, and thought that the interest that had accrued since the judgment against them was obtained should be knocked off.

Mr. Barnes replied that he felt for the men, but this was a court of limited jurisdiction, and it was beyond its powers to knock off the interest which was a portion of the award in the judgment of the superior court. Their only source of relief in that regard was the legislature, who might take some favorable action in their behalf. He said that he wanted to proceed according to the law, so far as he was concerned, and he was satisfied that the court was powerless to strike off the interest.

Judge Murray said the attention of the court to a few legal points involved in the case, and asserted that the court has the right to make settlements with the sheriffs, and possessed the power to make concessions to them exonerating them from any work they do, or their sureties' liability. A right in the premises; the power to make bargains and enter into the law requires that a sheriff be bound to the state for all revenues due into his hands. He then detailed the history of the case from its beginning, and reiterated his opinion that it was within the power of the court to grant relief in striking off the interest that had accrued since the judgment was rendered.

Mr. Beard said that it was a most unusual duty he had to perform, but it was a personal matter with him; it was his own fault he understood the law, or believed to be the law—and the man had seemed to cast some reflection on him as a lawyer—he still would stand by his duty to the best of his ability, according to his understanding of that duty. The court has decided in a court of limited jurisdiction; interest is a part of the debt and is the assets of the court; had it been that they would have had no right to strike it off. He was not opposed to all proper relief to these men, but it had to be according to law, and then he would be perfectly willing to acquiesce in a decision.

Mr. Beard said the motion before the court was the extension of time in this

Judge Eskridge moved that the sureties be given further time, and that they be released from paying the interest on the debt from the date of the reprieve bond to the present time. Carried by 15 yeas to 10 noes.

Sheriff Richardson reported the delinquent list as follows:

506 white tithes.....\$1,518

Against property of whites..... 7 53

Negro tithes..... 471

Against negro property..... 945

Total.....\$1,997 47 1/2

The commissioners appointed to examine into and report upon the feasibility of constructing a bridge over Sugar Tree Run, made their report, and the court decided not to build the bridge.

Messrs. G. W. Beard, L. T. Robards and W. H. Pike were appointed commissioners to contract for an iron bridge over Yellow Bank Creek.

Mr. Jos. W. Johnson presented himself to the court as an object of \$40 worth of its charity. The court, however, could only give \$25 worth, and after relieving him of his pants, sent him on his way rejoicing. Messrs. Douglas and Kiser were allowed \$40 for taking care of his mother, who is blind and nearly one hundred years old.

On motion, the court reconsidered its action of yesterday in the case of Mr. James Gregory, and allowed him \$40 the money to be placed in the hands of Mr. P. C. Conner, trustee.

Dr. J. M. Taylor, poor-house physician and commissioner, made a report of the condition of that charity. During the year it contained 11 paupers. There are now 7 in the house. The report was received, and necessary allowance made. He was also allowed \$75 for his services, and retained for the next year.

Mr. Thomas Seaton (the standing and chronic candidate for jailer) applied for relief from paying poll-tax. He is a pauper. Messrs. Harrison Claycomb, Nathaniel Hunter, Ralph Horsely, A. P. Bennett, Augustus Lewis, Wm. Minton, Benjamin Clarke, Jos. Bland and Thos. Holmes were relieved from paying poll-tax.

Bob McGlock presented a bill for \$8 worth of clothing stolen from him by one Chapman Atherton. Squire Herndon moved that Mc be fined for contempt of court. The court thought the loss of the clothing was fine enough, and Mc and his claim were metaphorically kicked out of court.

Mr. V. G. Babage, master commissioner, was allowed the use of the room at the head of the stairs in the court-house for an office.

Hon. T. M. Miller was elected county commissioner and receiver for the ensuing year.

Mr. Foote moved to let the poor-house farm remain in the hands of Dr. Taylor. Mr. Lyons moved to amend by letting it to the lowest bidder. Carried as amended.

Mr. C. S. Pace put in a bill to keep the papers relating to the poor-house for 60 a year and furnish the fuel. His bill was accepted, and the commissioner was ordered to take his bond for the faithful discharge of his contract.

The county levy for the ensuing year was fixed at \$3 poll-tax, and 1 cent on each \$100 of property valorem tax.

Messrs. G. W. Beard, Ben Miller and Wm. Watkins were appointed supervisors of the tax lists for the ensuing year.

Mr. G. W. Beard was allowed \$30, and W. Carville and Squire McQuady, \$20 each, commissioners of the Long Lick bridge.

It was ordered that the bridge commissioners advertise for contracts in the county paper.

Judge Board was allowed \$450 for his services as county judge, and W. K. Barnes \$300 for his services as county attorney.

It was ordered that all the claims against the county, except for bridges, be paid out of the levy of the present year (1880).

After the minutes of the proceedings were read and approved, the court adjourned till January next.
